Subject: 2-part private call

Brian, Dan:

I am looking for a description and MSC of the 2-party private call that has been chosen to be implemented by the X-Zone team. I am looking for this information in reference to a disclosure on "Use of IP Multicast Technology for a 2-Party Private Call in Mobile Communication Networks". The inventors (Cced) have been asked to provide information if the invention disclosed is/planned to be in shipping product. Please provide me pointers to requirements/design document that describe the way Motorola has currently planned to implement the call. Thanks much for your time and help.

If you think someone else might be the right person to be contacted please let me know.

Best Regards,
Surender Kumar

Subject: mtg to discuss CM04624H

Gentlemen,

The 4624H disclosure, "Use of IP Multicast Technology for a 2-party Private Call in Mobile Communication Networks" is next in the queue to be written. Please contact my assistant, Sheila Mannerino, to set up a mtg to discuss the case. It's not necessary for all of you to attend.

Regards,

Here is a partial draft. It doesn't include a description of the MSC's that you will be providing. Perhaps you can add the text describing the MSC's to save some time tomorrow. Otherwise, I will see you at 1:00 pm.
